Adding Items to a Collection

Administrator - 2018-09-19 - 0 Comments - in How-To

Waypoints, routes and tracks can be added to Collections directly from the Map tab This allows for quickly managing your data.

Adding to a Collection from the Map

1. Go to inReach.garmin.com
2. Log into your account
3. Select the **Map** tab
4. Click on a waypoint, route, or track on the map

5. Select 
6. Check any number of Collections
7. Select **Save Collections**

The waypoint, route or track will now be added to the selected Collections.
