The Owner Info Settings menu on your inReach allows you to add owner information which will be displayed when you power on the device.

To change your Owner Info Settings:

1. Select **Settings** and press ✓
2. Select **Owner Info Settings** and press ✓
3. Press ✓ and enter your information.
4. Select **Done** and press ✓ when finished.
5. Select **Display Info at Startup** and press ✓ to display the owner information when your inReach is powered on.
