Changing Service using the Explore Portal

Administrator - 2019-01-18 - Comments (0) - Service/Account Management

Your service plan can be changed using the Explore portal. Follow the steps below for assistance on how to change your service plan.

1. Login to inreach.garmin.com
2. Select the **Plans & Devices** tab
3. Select **Edit** under the heading **Subscription** next to the image of your inReach device.
4. Select **Change Plan** and the available subscription plans will be displayed.
5. Select the desired service plan from the list, then press **Change Service**.
6. A confirmation prompt will be displayed with the plan details. Select **I agree** followed by **Continue** to proceed.
7. Once completed, your account will now display your new service plan.
