Deleting Messages from the inReach SE and inReach Explorer

Administrator - 2017-07-06 - [0 Comments](#) - in [How-To](#)

Follow the steps below on how to delete messages from the inReach SE and inReach Explorer.

If you want to delete messages from the explore portal please use this article instead: <http://support.inreachcanada.com/kb/articles/87>. If you want to delete the messaging and tracking data in bulk use this article instead: <http://support.inreachcanada.com/kb/articles/142>

Solution 1: Delete message from the inReach Explorer

1. From the main screen, select "Messages."
2. Select a message thread.
3. Select a message within the thread.
4. Scroll down to "More."
5. Select "Delete."

Solution 2: Delete message from the inReach SE

1. From the main screen, select "Messages."
2. Select a message thread.
3. Select a message within the thread.
4. Scroll down and select "Delete."
