Editing Preset Messages from the inReach Enterprise Portal

Administrator - 2020-06-09 - [0 Comments](#) - in [How-To](#)

Follow the below steps to edit the preset messages for your users:

1. Login to <https://explore.garmin.com/>
2. Click on **Groups & Users**
3. Click on a user
4. Click on **Messages**
5. Click on the **Edit** button to edit the preset message
6. Click the **Done** button once the edits have been completed
7. The assigned inReach device will need to be synced in order to complete the change
