Navigating to a History Point using inReach SE+ / Explorer+

Administrator - 2017-03-09 - 0 Comments - in How-To

You can view your history details, the number of messages, preset messages, track points and other events sent from your device each day. Your history details will show you the amount of points sent by date.

This article explains how to navigate to the location of a history point.

1. Select **History** and press ✓
2. Select a day from the list and press ✓
3. Select an event record from the list and press ✓
4. Select **Navigate** and press ✓ to navigate to the location of the selected point.
