## Pre-paying Your inReach Account using the Explore Portal

Lu Parente - 2017-06-08 - 0 Comments - in Service/Account Management

If you plan to be traveling in more remote locations, an extended expedition or just want peace of mind, pre-paying can help avoid issues with credit cards expiring or being locked by the bank as you use your service. Pre-pay your subscription to prevent any interruptions in service.

Solution: Pre-paying your account

- 1 Log into <https://inreach.garmin.com>
2. Navigate to the "Account" tab followed by the "My Info" tab.
3. Click the "Add Funds" button.

4. Enter the desired amount you wish to pre-pay and click "Add Funds".

5. Confirm you have entered the correct amount and click "Add Funds".

**Confirm Amount**

Are you sure you want to add \$250.00? Your credit card will be charged immediately.

6. You will be provided with confirmation once your pre-payment has been processed.
