Replying to a Message using inReach SE+ / Explorer+

Administrator - 2017-03-07 - 0 Comments - in How-To

This article explains how to reply to a message using your inReach+.

1. Select **Messages** and press ✓
2. Select the desired conversation in the list and press ✓
3. Select an option:

Select **Type Reply** to create a new message, enter the message, and select **Done**.

Select **Quick Reply** to select a quick text message.
